Advanced Bulk PDF Watermark Creator With Serial Key

Advanced Bulk PDF Watermark Creator is the software for watermarking your files. The application allows you to automatically stamp file directories or even individual files. The software allows a strong watermark and is able to blend in with the background image, but the file is still clearly identifiable. The software applies watermarking with a tool that is easy to use and to incorporate. You can perform simple tasks such as apply the watermark to the whole file or manually set the position of the file. You can apply the watermark to individual PDF files, file folders or documents in any directory. The software also allows for encryption of the document, so that the file is more secure. In addition, you can easily print the files to get the jobs completed quicker.
