Roku devices give you access to endless entertainment featuring your favorite shows, movies, actors and more on popular channels. Buy a Roku player or Roku TV. You will be able to play Roku content on your TV. It simply installs, connects to your TV, and essentially becomes part of your home theater. This is one of the advantages, so to speak, of "home" viewing. You will watch what you like, not what is on the air. In addition, Roku offers a host of additional features to help you organize your own entertainment space and keep you always up to date.
