He then asks, "Is that American?" and the chorus cries out, "Yes!" This shows, firstly, the depth of the Christian faith. Secondly, it shows the role of God in the world. We don't do things for God - God does things for us. We don't do things to please God. God first and foremost does things to please his creatures, his children - so our name is our character. We shouldn't have a name that says we are doing things for God, but for God, for our neighbor - and for each other. How can I add column into pandas DataFrame with a list of items? I have a list: ["a,b,c,d,e"] want to add a column into pandas DataFrame with the values from the list: from pandas import DataFrame a=["a,b,c,d,e", "a", "b", "c", "d"] df=DataFrame() and the result should be: index a b c d e 0 a b c
